BIG OIL WELL NEAR WARFIELD

ONE HUNDRED BARRELS PER
DAY SAID TO BE THE
PRODUCTION.

What appears to be the most important oil strike made in this territory is the well drilled in near Warfield, in our neighbor county of Martin, by the United Fuel Gas company. When the drill went into the sand the gas and oil came strong and the derrick caught fire and was destroyed. The tools dropped back into the well and partially shut it off. Two tanks, of 250 barrels capacity each, were placed on the ground as soon as possible. The tools were pulled out of the well and the tanks were filled with oil. A pipe line to Kermitt, W. Va., a distance of about one mile, is being laid for the purpose of marketing the oil in tank cars. The well flows at a rate estimated to be 100 barrels per day. It is now shut in, awaiting the completion of shipping arrangements.

This well is on the Chapman farm. It is only a short distance from a farm owned by Dr. L. H. York, of this place and Dr. J. P. Ratcliff, of Huntington, on which there is a good gas well.

The Ohio Oil, Gas & Distributing Co., of Ashland, Ky., owns 3000 acres of bases in the vicinity, including the York & Ratcliff lease. Other tracts included in this company's holdings are alongside the partially developed field which is now producing heavily in gas, and which has some showing of oil at various points.

The Ohio Oil, Gas & Distributing company's lease is so located that it is believed they will get more oil than gas. The company has decided to increase its capital stock and use the proceeds of the issue for development purposes. This will be done at once. This company already has an income from its gas wells, but not sufficient to take care of the development of their extensive acreage on the scale desired and justified by the prospect.

CELEBRATES SEVENTY- NINTH BIRTHDAY.

F. T. D. Wallace, Jr., was a prominent Louisville, who passed through here yesterday. He stated that last Sunday marked the 79th birthday of Dr. Joseph E. Hutton, honored and prominent citizen of Buchanan. Dr. Hutton had with him to celebrate his birthday at his beautiful home, besides his immediate family, his son-in-law, F. T. D. Wallace, Jr., Mrs. Wallace and their two handsome children, Eugene and Mary, of Louisville, also other relatives and friends. He is related to many of the most prominent people in the Sandy Valley and Tri-State country, and his life has ever been above reproach. He is in the mercantile and drug business in partnership with Mr. Charles Warren, and is quite prosperous. His first wife was a sister of Dr. Phil Fannin of this city, and Petersburg, Fla. His daughters by this marriage are married to prominent and wealthy men. Miss Belle Hutton married a Mr. Burges, who is rated as a millionaire of Missouri. They maintain a beautiful home in California, residing there much of the time. Miss Emma Hutton married a Mr. Porter of New York, a contractor and Mr. Hutton is in the manufacturing business at Independence, Mo. He married a daughter of Dr. Zephaniah Meek, of this city. Dr. Hutton's second wife was Miss Mollie Wheeler, of Paintsville, and there are two children by this marriage, Miss Elizabeth, prominent church and Sunday school worker, at home, and Mrs. F. T. D. Wallace, Jr., of Louisville. The banker, Mr. Archer of Vreelandburg is a nephew.

Dr. Hutton composed some very appropriate verses, which he read at his birthday anniversary dinner, which through the courtesy of Mr. Wallace, we reproduce.

Another year has passed away,
And at the end I find
Another birthday comes to me,
I now am seventy-nine.

The Lord has kept me through these years,
Has brought me all along the way
His grace, I know can keep me still,
In Him I'm trusting day by day.
I'm climbing up the mountain high,
Yet I may never reach four score,
It's heaven's hand I want to reach
For that I ask and nothing more.

I have some friends that's gone before,
I want to meet these friends on high,
Where we will never have to part,
Where we will never say "good-bye."—Ashland Independent.

GOV. STANLEY'S TRIP.

Gov. Stanley has spoken at a great many places in the mountains of Eastern Kentucky during the last two weeks and everywhere has been greeted by immense crowds. The greatest enthusiasm has been displayed as a result of the strong speeches he has made. His long experience in Congress and the leading part taken by him in the Steel Trust investigation enables him to tell the people many things that they do not get elsewhere.

Dr. A. H. Dorney, veterinarian, died a few days ago in a hospital in Ashland. He was a well known surgeon and for several years held a government position as inspector of cattle for the city of Philadelphia. He was 63 years old.

MRS. JOE FUGETT DIES AFTER SHORT ILLNESS.

The death of Mrs. Joe Fugett occurred on Thursday of last week at the home of Mrs. Granville Fugett, on Bowler Jefferson-st., this city. On the Sunday before Mrs. Fugett and three small children had arrived from their home in London, Ohio, for a visit to Mr. Fugett's mother and other relatives. When she reached Louisville she complained of not feeling well and went to bed soon afterwards. A week or two ago she had stepped on a nail and this caused blood poisoning and lock jaw, which resulted in death. Her husband and other relatives were summoned and were at her bedside a few days before she passed away.

Mrs. Fugett was a daughter of Frederick Moore, of Long Branch, near Fallsburg, and the body was taken to that place on Friday, where appropriate funeral services were held, followed by burial in the family burial ground.

Besides her husband, Mrs. Fugett is survived by three children whose ages are 9 years, 7 years, and a baby only a few months old. She was a good woman, was devoted to her family and had been a consistent member of the church for several years.

Before moving to Ohio Mr. and Mrs. Fugett were residents of this county and lived in Louisa for a while.

The company has strong financial backing. The coal is of excellent quality and a market for it has already been arranged.

OSCAR SEARS ARRESTED.

Lexington, Ky., Oct. 24.—Oscar A. Sears, a timber and coal land dealer here, was arrested as a fugitive from justice and will be returned to Indiana to answer a charge of obtaining \$500 by false pretenses from Walter and Fletcher Johnson, brothers and directors of a bank in the outskirts of Indianapolis. Alleged false statements, according to advices from Indianapolis, are that he is owner of 35,000 acres of coal and timber land in Eastern Kentucky, worth in all about \$700,000; that he is owner of the North Fort Worth, Tex., waterworks, worth \$100,000; that he has holdings in the Tyler, Tex., street car system amounting to \$80,000; and that he has about fifty pieces of real estate in Denver, Colorado Springs and Canyon City, Tex., the value of which he did not estimate.

CORNERSTONE OF NEW M. E. CHURCH SOUTH

IMPRESSIVE CEREMONIES AT
TEND THE FORMAL LAYING
OF CORNER.

The corner stone of the new M. E. Church South building at Louisa was laid on Thursday, October 26, 1916, with appropriate and impressive services and in the presence of a large crowd. It was an ideal October day.

The stone is nicely engraved, bearing the name, M. E. Church South, and the three years in which the local church has erected buildings—1850, 1882, 1916.

The ceremonies were opened at one o'clock with a hymn, followed by the prayer laid down in the ritual for such occasions, read by the pastor, Rev. W. H. Foglestone.

Then the Lord's prayer was led by Rev. W. A. Gaugh, pastor of the Baptist church.

Next came a ceremony from the church ritual, the first part read by Rev. H. B. Hewlett, a supernumerary minister of the M. E. Church South, and the last part by Rev. A. C. Hostwick, pastor of the M. E. Church.

Rev. W. H. Foglestone, the pastor, then announced the list of articles to be deposited in the cornerstone. These consisted of a Bible, a Ritual, a Hymnal, lists of church officials, members and organizations, subscribers to the building fund, copies of the local newspapers, etc.

Mr. R. T. Barus, age 82, oldest member of the church, gave a brief history of the Louisa church and wove it into an inspiring address. Also, he placed the mortar under the stone.

Rev. A. A. Hollister, Presiding Elder of the Ashland District, then delivered a most appropriate address, and the service closed with a hymn.

L. L. SCHERER DIES FROM EFFECT OF ASSASSIN'S BULLET

L. L. Scherer, general claim agent of the C. & O. Railway company, died Saturday at a hospital in Richmond, Va., his home. His death followed an operation which was performed in the hopes of relieving an affliction which was due to gun shot wounds received when he was shot about a year ago; by a negro at Covington, Va. Mr. Scherer was shot by the negro out of revenge for his having been arrested for robbing freight cars. The negro was later arrested and sent to the penitentiary for life. For a time it was feared that Mr. Scherer would not live to leave the hospital, but he recovered sufficiently to resume his duties, although he suffered very much from his wounds. His death came as a shock to those who knew him. The shock was made greater by the death last week of Supt. Fox of the Clifton Forge division, who died suddenly.

Mr. Scherer, who was forty-five years of age, was one of the best known men in the C. & O. official family. He was twice married. He is survived by two children by his first wife and one by the second. The second Mrs. Scherer also survives.

The funeral services and burial were held in Richmond.

LOUISA MASONIC LODGE INVOLVED

CLAIMED MURDERED ANTI-CATH-
OLIC SPEAKER BELONG-
ED THERE.

Galveston, Tex., Oct. 25.—The state tried this afternoon in the case of John Copeland, bank cashier, of Marshall, Texas, on trial in connection with the killing of William Black, an anti-Catholic lecturer, a year and nine months ago, at Marshall.

Only five witnesses had been examined. Sadie Black, the adopted daughter of the lecturer, it was announced tonight, will arrive tomorrow night. The state's attorney said she would be a witness for the prosecution.

The state objected when the defense sought to introduce a deposition taken at Louisa, Lawrence county, Kentucky, detailing Black's entrance into and departure from the Masonic lodge. It claimed the deposition was intended to injure Black's character with the jury. The objection was sustained by Judge Briggs "at this time."

The defense had contended that the deposition was admissible as showing that Black was unreliable and that statements made by him could not be believed.

This, it contended, would justify the action of Copeland in going to him to protect against his lectures.

Judge Briggs adjourned until morning when, he said, he would announce his decision.

CHILDREN'S SERVICE.

Rev. W. H. Foglestone had a special service last Sunday morning for the children. When the service started there were present 65 children and 65 adults. The service was very interesting and the close attention of the children was held to the last. The use of chemicals and objects to illustrate the thought conveyed added greatly to the effectiveness of the occasion.

OIL IS BACK TO THE TOP NOTCH

DEVELOPMENTS WILL BE IN-
CREASED AS RESULT OF
BETTER PRICE.

The price of oil has advanced again and it is now back to the top notch of \$1.95, from which it receded only three months ago. This increase will stimulate development, especially in the deep sand districts, such as Lawrence county.

A new oil company has been organized at Huntington to take over about 1300 acres of oil leases at Fallsburg, this county. J. H. Ekers has been holding the leases for quite a while. The company will start drilling as soon as possible.

Two wells are in process of drilling in the Fallsburg field, with Joe Miller handling the contracts.

The last well drilled on the Lycans farm a little more than two miles below Louisa, is making eight barrels per day. This is on the river bank on the West Virginia side. It makes the territory along the Kentucky side of the river look exceedingly good.

Valuable Oil Property.

In the Lawrence Circuit Court the heirs of John M. and Jake Rice and John F. Hatcher won their suit for the oil and gas rights on a body of land at Potter, three miles north of Louisa. There is over 300 acres in the boundary. An oil well was drilled on the land last year by a West Virginia company, which holds a lease signed by all claimants. The well is a paying producer. This suit was between the surface owners and the heirs. The style of the suit is Lyda Lackey, etc., vs. Dennis Waller and others.

Good Gas Well on Beaver.

The Yolanda Oil company, with extensive properties on Beaver creek, near Wayland, Ky., has just drilled in another gas well estimated to be good for a million and a half cubic feet per day. This company has several gas wells and also some oil wells. The town of Wayland is supplied with gas from this property.

His life was quiet and unobtrusive and he had the respect of all who knew him.

His sister, Mrs. A. L. Burton, and brother, C. C. Thompson, of this county, attended the funeral. Rev. R. F. Rice went down also and preached the funeral.

Cancer of the stomach caused Mr. Thompson's death. He had long been a sufferer from this trouble.

KILLED BY A TRAIN AT HAMPTON CITY

GEORGE W. BEVINS, OF LAW-
RENCE COUNTY, THE VIC-
TIM OF AN ACCIDENT.

George W. Bevins, of Georges creek, this county, was found alongside the railroad track early last Friday morning in the upper part of Catlettsburg, with both legs cut off just below the knees. He was found at about 2:30 a. m., and was taken to a hospital at Ashland, where he died at eight o'clock. A freight train is supposed to have cut off his legs.

His wife was notified and she and other relatives went to Ashland on the first train, arriving after his death. The body was taken home the same evening.

Mr. Bevins was about 38 years old and leaves a wife and two children. He was an honest, industrious farmer and huckster. Lately he had been running a small boat to Catlettsburg, marketing his produce in that way. His sad death arouses a feeling of deep sorrow throughout a wide circle of friends and acquaintances. His aged father has been blind for many years, and the blow to him is very heavy.

MRS. SAGRAVES DEAD.

John M. Sagraves was in Louisa Wednesday the guest of Rev. Foglestone. He was returning from Whitehouse where he was called by the illness and death of his mother. He reached there Sunday night and she lived until Monday morning and was conscious to the last. The burial took place Tuesday. Rev. R. F. Rice conducted the funeral services. It was under his preaching that Mrs. Sagraves was converted several years ago. She was 70 years old. Always a good woman she had lived a consistent Christian life ever since her conversion. Her husband preceded her to his eternal home a few years ago.

PRODUCT OF CHEMICAL PLANT ON EXHIBITION.

On exhibition in the NEWS office is a sample of the chemical product now being successfully made by the Louisa Chemical company, at Torchlight, five miles south of Louisa. It is a beautiful white crystal mass, known as chlorate of sodium.

After many disappointments and a long run of "bad luck" the plant at Torchlight is turning out the chemical in large quantities. The only other plant of this kind in the United States is at Bay City, Mich. The Torchlight plant has the advantage of a fine coal supply right on the ground. The power is one of the heavy items of expense in this business and the Louisa Chemical company has that feature down to the lowest basis.

This chemical is used in making high explosives and also in the manufacture of matches. The price has increased 400 to 500 per cent, it is said, since the war started. Salt is one of the chief ingredients used in making chlorate of sodium.

We are indebted to Mr. R. C. Simpson, Superintendent of the plant, for the sample now in our office.

SENATOR JAMES AT ASHLAND AND PIKEVILLE

IMMENSE CROWDS GREET THE
EMINENT STATESMAN IN
EASTERN KENTUCKY.

Senator Ollie M. James spoke at Ashland Wednesday night to an immense crowd gathered under a big tent. Every foot of space was occupied and 1000 people are said to have been standing on the outside.

On Thursday morning he passed thru Louisa on his way to Pikeville, where he spoke just after noon. The largest crowd ever gathered in Pikeville was expected to be present to hear him.

Senator James is recognized as one of the very greatest orators in the United States. So highly is he regarded that he has been selected by the National Committee to close the campaign at Madison Square Garden in New York city on the night of November 4. No greater compliment than this could be paid to him. Yet, with such national demands as these upon him he comes to the Big Sandy country in answer to the call of the mountain people—the "rednecks" as we are called by some of the hair-brained parrots flying over the country.

CHILD'S PARTY.

The following from a Zanesville, O., paper will be of interest to the many Louisa friends of Mr. and Mrs. Muncaster, who were residents of this place before going to Zanesville. Mrs. Muncaster was Miss Lottie Yates, of this city:

Mrs. T. L. Muncaster, of Convers-av., entertained on Monday afternoon in honor of the 45th birthday of her little daughter, Mary Angela. In all the rooms of the home, pink and white decorations were used. The flowers were pink and white asters and they were prettily arranged.

On the center of the dining table, where lunch was served, the centerpiece was the birthday cake on which were five burning candles. Different games and contests were enjoyed by the little people, who numbered 20.

The first and third trials resulted in disagreement, the second in conviction and a life sentence.

A Tremendous Fall Opening Sale that will Save you at Least 50c on the Dollar

Knowing that the price of goods would rise to the present amazing height, I was indeed fortunate in placing my order for this remarkable sale last March and April thereby being able to buy at a ridiculously low price. After a lot of trouble, I was able to get the shipments. Then I luckily bought up a large New York manufacturer's entire line of samples way below the regular cost. Therefore, I am now able to place my entire \$10,000 stock on sale at less than the cost of raw material, at prices that will enable you to save more on each article than you have ever saved before in your life. It is really foolishness on my part to place a stock of goods on sale at such ridiculously low prices, but in order to keep up my honest reputation of selling the best goods at prices lower than merchants can buy, I have decided to give the people of Louisa and vicinity this chance for 14 days only. It's up to you to take advantage of this extraordinary opportunity that comes but once in a life time. Never before in your life have you had the chance to buy merchandise at such low prices, and maybe never again will you be able to

Considering the fact that goods cost more now than at any time since the Civil War, you can easily figure out the great injustice you are doing yourself by not attending this sale.

In the past, you thought that when JAKE had a sale he would have another in the near future, but this is one time you need not figure on it. Therefore, tell your friends, your family, your neighbors, whether rain, snow or shine, even if they have to walk, to attend this mighty money saving event. Come the first day if possible, even if you have to wait two hours to be waited on you will be greatly repaid by unheard of bargains you will be able to buy. I warn you to take advantage of this history making event. It's like Halley's Comet, it comes once in a life time. There won't be another for maybe five years. Therefore, if you are one of those shrewd persons who believes in getting all his or her money can buy, be here FRIDAY, OCT. 27 and until SATURDAY, NOV. 11, by all means. Put the date down in your note book. The following are just a few of the many bargains. Come and see the rest for yourself, you will congratulate yourself if you do.

In all Cincinnati theaters last Friday night a straw vote was taken by secret ballot. About two-thirds of the votes were for Wilson.

The New York Herald, Republican, says the Presidential tide is drifting toward President Wilson. The Herald makes a specialty of election forecasts in presidential years.

Whoever you hear a Republican calling for war ask him for a list of his sons and tell him to point out which one his mother has picked out to send to Mexico.—Wm. J. Bryan.

After January 1 no person holding a political position in Kentucky will be permitted to use railroad passes. Even employees of railroads must deny themselves the privilege of passes if they want to continue in public office.

Illiteracy has been wiped out in 12 Kentucky counties, according to Mrs. Corna Wilson Stewart. In the last two years 40,000 adults have been taught to read and write and 25,000 more will be taught this year.

A straw vote taken on the East C. & O. train last Friday afternoon between Ashland and Cincinnati stood 69 for Wilson to 34 for Hughes. A vote on a Big Sandy train Tuesday showed 37 for Wilson, 16 for Hughes and 3 undecided.

"A threat from me would have saved the Lusitania," boldly declares Mr. Hughes, candidate for President. Eureka! Charley has accidentally let the cat out of the bag. "Government by threats" would be his policy as President.

Two freight rate cases of vital interest to the coal industry of Eastern Kentucky are in course of trial before the Interstate Commerce Commission. The Kentucky mining interests are opposing a horizontal increase of rates on shipments into Ohio and Indiana.

Rev. Charles W. Wendte, of Boston, who spoke at St. John's German church while visiting Cincinnati during the week, declared before leaving he would vote for Woodrow Wilson.

Rev. Wendte has been a life-long Republican.

"President Wilson's splendid achievement in obviating an embroilment with Germany during the European war is responsible for my decision to support his candidacy," said Rev. Wendte.

"In my opinion that single accomplishment is in itself sufficient reason for any loyal, peace-loving citizen to give his utmost support to Mr. Wilson at this time. And the honor and integrity of our beloved country and flag have been admirably conserved."

A Canadian writing home says: "We have literally blasted our way forward. Ruin appears not only in the devastated earth and the crushed houses, but also in the sadder waste of human life. This is all ground sacred to the memory of our dead. Also, in the scarcely defined trenches of the enemy, the German corpses lie thick."

Another stalwart Republican of the old school—Henry Clay Hinshrough, for 18 years a United States Senator from North Dakota, has declared his support of President Wilson. In an open letter to Republican Candidate Hughes he asks this question: "But for the fact that you are seeking an office, wouldn't you cast your vote as I intend to cast mine—for the man who has done his level best and succeeded in many big things, rather than for the man who ignores the bigger things and deals vaguely with the little things?"

The reported split over the Adams-on eight-hour day law between Charles E. Hughes, Republican candidate for president, and Republican leaders of Ohio, came to a head Tuesday, when Myron T. Herrick, Republican candidate for U. S. Senator, publicly declared that if he were in congress he would do nothing to disturb the operations of the law whereby President Wilson averted the railroad strike.

Herrick's statement astounded many of his audience because it indicated the candidate is opposed to the stand taken by Hughes, who has denounced the eight-hour day.

Irvin Cobb, the most popular and widely read writer in America, said in a recent interview endorsing Wilson: "I was in Belgium when that little country was invaded by the magnificently prepared German army. I saw towns in flames, women, children and old men fleeing, gnaw little Belgian soldiers dying."

"I admire Wilson because he has the inclination to get us ready for serious eventualities and the splendid ability to keep us out of trouble."

"If there is one thing worse than not getting ready for war, it is getting us into one."

Will Know He Had Nerve.

Speaking of President Wilson's patience in his foreign policy Franklin K. Lane, Secretary of the Interior said: "We are at peace when if he had been interperate we would have been at war" and that "we have made no friends among the belligerents because people at war don't want judges, they want partisans." He added: "Perhaps you think it did not take courage to speak the direct word when spies filled the country and every mail brought threats of death and every coward of a politician prophesied political death. If Woodrow Wilson lives to write his autobiography or commits to other hands the documentary history of his Administration, the world will know that he had nerve as well as patriotism and good sense."

New York, October 23.—A pronounced change took place over Sunday in the betting odds on the presidential election, Wilson money being offered in very large amounts at 9 to 10. All of the Hughes money that was offered at better than even money was really taken by the Wilson supporters.

Brokers predicted that the situation changed to such an extent that it would only be a short time until the odds would favor the election of Wilson.

Some bets were reported to-day at even money, compared with 10 to 8 in favor of Hughes, the odds ruling most of last week. Bets were reported in the close of last week both here and in the West at 10 to 9 on Hughes.

For the past 10 days the swing has been toward Wilson.—Cincinnati Enquirer.

The Cincinnati Democrat reports the speech of Roosevelt at that place last week, and has the following to say of John W. Langley, who took a crack at the crowd:

"On retiring to the interior of the coach, Roosevelt said he wished the engine would break down and let him speak longer. As if in response, the engine did break down; but instead of speaking longer, Teddy withdrew and left us to the cruel mercies of Congressmen John W. Langley, of the 10th district, who was fat, fair and furious. He claimed the earth for Hughes and talked himself into a fine perspiration, but couldn't hold out until the engine was strong enough to move. The crowd had lots of fun with John cheering for Wilson and passing the compliments of the day. Roosevelt was heard with respect and attention, but the boys evidently thought Langley too good to be true, and turned loose on him."

There is no man in the world so well fitted to take care of the interests of the United States after the war as President Wilson. His experience, his superior ability, his intimate knowledge of conditions at home and abroad, fit him magnificently to protect our business interests. He has the courage to do anything that is necessary, and he has declared that he will make it his chief concern to keep the United States prosperous and peaceful. He had the anti-dumping law passed to keep foreign countries from flooding our country with goods after the war. He had the tariff placed in the hands of a non-partisan commission to regulate us emergencies and correct policies may demand. Never before has the United States been in such a safe and sound position. Wilson will keep it that way. He recognizes the rights of all classes. He is not the choice of the rich men who want favors at the hands of the government, because they can not get from him anything that is not right.

Charleston, W. Va., Oct. 21.—Thousands of West Virginia Republicans and Progressives will follow J. W. Dawson to the support of President Wilson, Dawson's friend said today.

Dawson, coal operator and business man of Charleston and former Republican party leader, has asked that his name be withdrawn as a Hughes elector.

can state committee.

His letter also says: "And when summing up the entire situation I am convinced, whether correctly or not, that a vote for Hughes, instead of being one for him, his personality and individuality would in fact be assisting to turn over the United States and the destinies of these one hundred million people to the corrupt 'Old Guard' dominated, controlled absolutely, by such men as Barnes, Penrose, Crane and Smoot, and I will never be a party to such treachery to our country."

Cleveland, O., Oct. 25.—Ilmer H. Johnson, Cleveland delegate to the Republican convention that nominated Hughes, said Wednesday he "probably will vote for the re-election of President Wilson."

Johnson is one of Cleveland's leading lawyers, a former president of the chamber of commerce and is now a member of the Republican county executive committee.

"President Wilson has handled the difficult situations of his administration as well as they could have been handled," said Johnson.

"In all this carping criticism and fault-finding that has been indulged in this campaign, right has been lost of the paramount issue, the diplomatic problems to be handled and the big questions that will have to be decided when peace comes."

"President Wilson is a bigger man than his party. I have the utmost confidence in him and in his ability to handle the big questions that will come up for settlement after the war."

William Allen White of Emporia, Kans., is one of the best known writers and progressives in the United States. Recently in his newspaper, the Emporia Gazette, White paid the following tribute to President Wilson:

"How well he (President Wilson) seems to have managed it this whole sordid business of going to war; how fair he has been; how patient, how dignified, how infinitely gentle and kind!"

"No bluster; no threats; no sneaker of anticipation; no licking of nation's chops—just a simple-souled, brave, soft-hearted, hard-headed man. It is sad enough to go into war of any kind at any time; but it is less sad to go knowing that every honorable means has been taken to keep away from war, and this consideration President Wilson has given us by his wise, forbearing, christian attitude before the provocation of a foe mad and desperate and foolish. The good God, who knows and watches over all, and sees all, and directs all, was in our hearts deeper than we knew when, as a nation, we chose this great, serene soul to lead us."—Cincinnati Post.

President of Chicago Trade Board For Wilson.

Chicago, Oct. 24.—J. P. Griffin, president of the Chicago Board of Trade and a lifelong Republican, to-day announced his decision to vote for Woodrow Wilson.

In an authorized interview Mr. Griffin advanced the opinion that American business men who oppose President Wilson are opposing their own best interests as well as the best interests of the nation. Such business men misrepresent President Wilson, Mr. Griffin said, and are making a profound mistake.

"Mr. Wilson is the first man in the White House in my life time who has not hurt business," said Mr. Griffin.

"I am a Republican, have always voted the Republican ticket and still believe largely in the tenets of the Republican party. It seems to me, however, that the present situation is one which requires that the voter hurry party prejudice and cast his vote for the man whom his judgment designates as most suitable to serve the best interests of the people as a whole."

"Therefore I purpose to vote for Mr. Wilson. I have reached that conclusion because of his great accomplishments."

The Cincinnati Enquirer says: "Heralding President Wilson as the foremost advocate in America of world-wide peace, Herbert S. Hogeboom, leader of the People's Church, yesterday told an audience which taxed the capacity of the Grand Opera House he would cast his vote this year for the re-election of the President."

"If Europe does not agree to disarmament, under adequate guarantee of world peace, this country will be converted rapidly into a great military and naval power, determined to be the strongest, as well as the richest nation on earth."

"This determination will be met by the rival armaments of other nations. The race of conquest will also us. Gullies of greed, we shall become the victims of war. The voices of freedom will be cried down by the inspired rumors of war. The owners of America will fall upon us. Democracy will perish in the world's disaster."

"The only way we can express ourselves at all in international affairs is through our President. Which one of the two, Hughes or Wilson, is the more likely to throw the whole weight of America when the opportunity comes in behalf of world peace?"

"Both have declared for that. But when I consider the temperament of the two men, their associations and all, I honestly believe that the greater hope lies in Wilson and against that hope I dare not vote."

The Cincinnati Post says: "Mr. Wilson has thrown the Hughes party into fits by intimating that a victory for them would mean war with Mexico and European powers."

Mr. Wilson is perfectly justified in drawing such conclusion, for these reasons:

Neither Mr. Hughes nor one of his backers tells how peace would be preserved by any other policy than that maintained by Wilson, which has succeeded in preserving peace. Indeed Mr. Hughes' chief aide, Roosevelt, rageth with the war spirit.

Secondly, every interest in this country that would make huge profit from war is for Hughes.

Thirdly, a victory for Hughes would be taken by Germany as repudiation of Wilson for putting down the submarine cruades against ships of peace, and such cruades would be resumed.

Let no American mother, or father, or youth of soldier age be fooled! A Hughes victory in November means

war with Germany and perhaps Mexico. Instead of happy families, family funerals. Instead of full dinner pails, full coffins. Instead of an America as anchor of civilization, an America mad with the blood lust that is burning churches, homes, school houses, stores, lining or outraging women and children, polluting the minds and hearts of men over almost all the rest of the world.

Mr. Hughes and his backers will not tell us what they will do. We know what Woodrow Wilson will do by what he has done during the last four years. Hughes—war, widows and orphans.

Wilson—peace and prosperity.

It is an issue plainly made by the Hughes party and made plainer every time one of that party opens his mouth to advise the voter. But this on the door of your home, the door of your store, the door of your factory.

HUGHES—WAR, WIDOWS, ORPHANS, WANTAGE.

WILSON—PEACE, PROSPERITY.

Defense of the Wilson Administration by Congressman Alfred G. Allen before the American Meat Packers' Association was greeted with great applause at the dinner concluding the eleventh annual convention of the association in Cincinnati.

Picturing the situation abroad and defining the power of the President, Congressman Allen said Wilson has turned his back on the old Roman policy of immediately avenging by force of arms and set up in its place a new policy to the weak as well as to the mighty.

"In our country," he said, "a new spirit of humanity and justice was in the realm of dreams, and this spirit, like the spirit of freedom, is being brought forth and planted just as our fathers planted the spirit of freedom 140 years ago."

"My friends, do you not see the spirit of humanity and justice in this new picture—our Chief Justice, reflecting the sentiments of the people, with pen in hand, surrounded by prosperity and peace, which are the sacred bonds of love and happiness for all people."

"Then contemplate the other picture, showing the living representatives in other countries of Alexander, Caesar and Napoleon, with sword and battle-axe in hand, surrounded by dead warriors, devastation, suffering, widows, fatherless children, privation and poverty."

The address was made before more than 500 members of the Packers' Association, representing one of the largest groups of capitalists in the United States.

When the Congressman referred to the fact that Wilson had successfully ended war, he was greeted with rounds of applause.

"These three great men," said he, referring to Alexander, Caesar and Napoleon, "were leaders of men, but they led their followers to slaughter, just as millions of men in Europe are being led to-day, and just as a few, though I am happy to say a very few, persons in America would have our Chief Executive lead our sons and my sons."

Poor, indescribably poor, is that girl who has gifts, a clear mind and active hands, and who has not been taught how to use them, wandering aimlessly thru life, mediocre in everything, without definite aim, seeking vainly for occupations to amuse or distract, deforming her body to gratify ignorant vanity, injuring herself by late hours and bad food, sparkling dimly in the struggle for a wealthy husband, and then as a wife, realizing her weakness and lack of worth; as mother, weeping bitter, stinging tears as she sees the results of her miserable life magnified in her children, and willing piteously for help and strength when it is too late.

The State Committee has notified Chairman Stone that Hon. H. V. McChesney will speak at Louisa on Saturday, November 4th, in the afternoon, at 1 o'clock or 1:30.

Mr. McChesney needs no introduction to the people of Lawrence county. He has spoken here three or four times since he became prominent in politics nearly twenty years ago. MR. ARCHER IS NOT FOR HUGHES, AS REPORTED.

A Paintsville newspaper last week contained an article under big headlines stating that George P. Archer, cashier of the Josephine Bank at Prestonsburg, was not only supporting Hughes, but was out soliciting subscriptions for him. The fact that Mr. Archer is a prominent and consistent Democrat caused the Republican paper to play up the article very strong.

We have investigated the matter and find the report to be untrue. It started as a joke. The banks are receiving requests for contributions to Hughes' campaign and Mr. Archer jokingly solicited contributions from a crowd of Republicans on the street, reading the letter to them. Linn Wheeler, of Paintsville, came along and Mr. Archer presented the matter to him in the same spirit and he gave \$10. Mr. Archer had a good deal of fun out of it, but finally mailed the money to the Hughes committee, feeling that this was honorable, but with it he sent a warm letter indorsing Wilson. He was as much surprised as anyone when the Paintsville Post came out with the untrue article in it. Archer is one of the most active Wilson supporters in Floyd-co.

Column Dedicated to Tired Mothers as They Join The Home Circle at Evening Tide.

A Holy Calling.

At this season of the year, when the sound of the school bell calls the children from their play to the busy workroom, then it is that older minds revert to the teacher and to the abiding influence of school life. Parents are always anxious to get acquainted with the teachers of their little ones, knowing full well that in the development and formation of their characters the teacher is, to a great extent, their model. It recalls to our mind a legend we read recently of a flower: A beautiful snow white lily, tall, pure and stately. A legend quaint, but full of happy teaching: "By chance this lily was found growing in a field where there was no companionship of her kind, but instead of other flowers or lilies like herself, she was entirely surrounded by common weeds, among which were growing brambles, nettles and other noxious plants. But day by day, as the gentle dews of heaven moistened her thirsty leaves and the life-giving rains of spring and summer sought out her roots, she opened her buds and grew taller, until at last she unfolded her pure white flowers to the caressing winds, the sunbeams of summer, and the breeze in the very heart of her beautiful snow-white chalice, and the breeze bore its fragrance with them as they wandered on. And so, day by day, as pure and stately, the lily dwelt among the weeds and humble plants of the field. They learned to look up and to admire the beautiful flower, until unconsciously in the heart of each lowly

plant growing about her roots, there sprung up the desire to be more like the lily, whose tender grace and gentle, winning ways they all so much admired. But then there came a change, a transformation, and the beautiful, stately flower was no longer a lily, but was transformed into a lovely maiden, a teacher, while the humble weeds and plants clustering all about her developed into child faces with earnest, wistful eyes and smoothly braided or softly flowing locks of brown, golden or flaxen hair. But still, as before, the teacher was among these children as the pure, stately lily among the plants of the field, inspired by the spirit of her mission, living her own life, going in and out among them from day to day she became to them model, inspiration, an example and guide. A city set upon a hill cannot be hid, of course this is but a homely little legend, and yet surely there are valuable lessons contained in it for any teacher. Next to that of a parent there is the highest, holiest vocation. In many, in fact almost every vocation has its responsibility attached but to very few is their responsibility of teaching. Whether you realize it or not, and indeed, whether or not you wish it, from the moment when you first assume the position—when you stand among your pupils in that school room, you become to them the object of deepest interest, a power for good or evil. Your manners, your ideas are studied oftentimes more diligently than the lessons in the text books, and are often remembered when these are forgotten. Remembering then that your labors are bestowed upon immortal souls does not the mind call for a good thorough examination as to your own worthiness. "No man liveth unto himself and no man dieth—" is most wonderfully true in the case of a teacher, and one who possesses the qualities of purity, unselfishness and sincerity of character, are often as counselors in their surroundings as the stately lily among the common plants of the field. But there are qualities which anyone may attain and cultivate and they are qualities, without which no one ought to ever assume the position of teacher. Possessing these qualities your influence is bound to fall upon your pupils for good, and not upon them alone, but upon all with whom you come in contact. But wanting these, the lily has lost its beauty, fragrance and purity, and has no longer power to inspire the hearts of others or all them with longings to attain the treasures she does not herself possess. But it will never be given us in this world to know the extent of our influence, as one of the minor poets said:

"This learned I from the shadow of a tree,

Which to and fro did away upon the wall.

My shadow self—my influence may fall

Where I may never be."

But if honest effort is made to improve upon the talents given, especially if, in time of weakness, refuge is sought from the Unfading Source of strength, then each of us should be content to await the final great revelation, in the light of which each shall see as he is seen and know as he is known.

RHEUMATISM IS PAIN ONLY, RUB IT AWAY

INSTANT RELIEF FROM PAIN. SORENESS, STIFFNESS FOLLOWS A RUBBING WITH "ST. JACOBS OIL."

Stop "dosing" rheumatism.

It's pain only, not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" conquers pain! It is a burnless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones, stops sciatica, lumbago, backache, neuralgia and reduces swelling.

Linber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

IF CROSS, FEVERISH SICK, BILIOUS, CLEAN LITTLE LIVER AND BOWELS.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrup. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

BEST FOR LIVER AND BOWELS, BAD BREATH BAD COLDS, SOUR STOMACH.

Get a 10-cent box

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold, always trace this to torpid liver, delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons by the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

OBITUARY.

Nancy Fraisher, the wife of N. F. Fraisher departed this life Oct. 14. She was 71 years, 6 months and 27 days old. She had been a faithful member of the M. E. Church, South for about 49 years. She had been afflicted for almost three years and never complained, but bore her afflictions patiently as a true follower of Christ always does. About a week before she died she said numbers of times that she wanted to go home, and said she was just waiting for the summons from her Saviour to come home. To know her was to love her. She was a good companion and a loving mother. The funeral was conducted by Bro. L. B. Hulet, assisted by Bro. L. B. Bryan at the Bartram church after which she was laid to rest in the Bartram cemetery near the mouth of Paddle creek. The congregation being unusually large was proof she was loved by all who knew her. She leaves a husband, four children, one brother and one sister and a host of friends to mourn her loss. But I can say to uncle Nathan and children if you want to see your companion and mother again, you must be prepared to meet her in that land where there is no sickness, pain nor death and where sad partings come no more. This verse of song is very true: Oh, how sweet it will be in that beautiful land, Free from all sorrow and pain, With song on our lips and with harp in our hands, To meet one another again! MRS. L. F. F.

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bralcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

WEST VIRGINIA ITEMS OF NEWS.

Post offices have been discontinued in West Virginia as follows: Rapp, Mingo-co., mail to be sent to Lenore; Nelson, Boone-co., mail to Seth.

The Baptist hosts of West Virginia have come and gone. The meeting of the General Association was one of the best that West Virginia Baptists have ever held. This is true not only of the spirit of the meeting, but also of the amount of work done and the plans made for the coming year.

Strangers coming to these meetings were surprised at what they found in Logan. The class of our citizenship, the development of the town, strength of the churches, the hospitality of the people and their ability to handle a big undertaking so successfully were all a surprise and a delight to our friends from abroad.—Logan Democrat.

What is claimed to be a new auto record between the cities of Huntington and Baltimore was set up last Thursday, when Harry Gay, Jr., superintendent of the Gay Coal company, accompanied by Lonnie Honaker, made the trip between the Maryland metropolis and the Cabell county city in 22 hours in Mr. Gay's Paige car.—Logan Democrat.

Mrs. James and Alice Childers were calling on Mrs. H. W. Lambert recently.

As the term of court is now in session many on our creek are callers in Louisa.

On a very disagreeable evening of last week, Sam Brannan, deputy sheriff was seen on our creek. The court is evidently keeping him busy as Thos. Brannan is assisting him in his duties.

Mrs. Laura and Sarah Jane Lyons made a trip to Louisa last week.

E. W. Lambert is still making his "end of the week" visits at home.

PECK'S BAD BOY.

WHY HE BOUGHT FROM MAIL ORDER HOUSE.

(From the Natchez News-Democrat.) Recently a merchant of Natchez happened to see a farmer receive a box at the depot and noticed that it was from a mail order house. He also noticed that the goods were right in his line and the same as he carried for years. He immediately approached the farmer and said:

"I could have sold you goods you have here for less money than the Chicago house and saved you the freight."

"Then why don't you do so," said the farmer. "I have taken the local paper or years and have not seen a line about you selling these or any other goods. This mail order house sends advertising matter to me asking for my trade, and they get it. If you have any bargains, why don't you put them in the paper so we can see what they are."

Pikeville, Ky., Oct. 23.—Call Bros. are building a large three-story brick hardware store at this place. Wilson prosperity has enabled them to do such things. Business was never better in this section. It is a stumbling block in the way of Republicans, i. e. the stubborn style. We are proud to say that many Republicans in this section are going to vote for Wilson, because they want to test his ability to maintain peace and prosperity further. Wilson's prayers and pleadings are for a quiet people. No doubt his wishes will be fulfilled and after November 7 the United States will be ruled by a democracy that favors equal rights to all and special privileges to none. The laboring classes everywhere are getting closer together and will vote for Wilson, who is the first to bring them from under the yoke of servitude. Roosevelt, if Hughes should be elected, would give all young men employment; but it would be digging ditches, boys think before you cast your vote. It now looks like a landslide in favor of Woodrow Wilson. Roosevelt's speech at Louisville and the dirty articles sent to different newspapers by the Evans Hughes rogues, who were with Hughes on his Big Sandy trip will certainly make it, favor of Wilson. The railroad boys say the broken rail on the C. & O. which so frightened the Hughes crowd will be all O. K. in time for his trip up Salt River. The Republicans have nothing to present to the American people that has any taking qualities. Their only hope is to buy into office. But their great hoards of money will not avail for the young yeomanry of our country are not going to risk their lives for a few paltry dollars.

LETCHER COUNTY AND WHITESBURG.

What is Happening in this Rich Coal Territory of Kentucky.

WHITESBURG, KY., October 25.—A number of West Virginia coal operators are in the sections of Letcher and Mays in the coal fields of the county looking for available coal lands for development at an early date. It is expected that leases will be made at once, and the preliminary work started for a good sized coal development. It is said here this week that Perry Gorman and Wesley Ready of Hazard, who were at the head of The Elk Horn By-Product Coal Co., have sold their interest at Hemphill and will start new developments further down the L. and N.

It is likely that West Virginia people will take over this plant and make some extensions and increases. At this time coal development work is booming in this section, although there is some complaint as to the shortage of cars. According to reports from the Cumberland river field the situation grows serious owing to the shortage of cars. Many of the operating companies are only running their mines three days the week.

It is reported here from the Carr's Fork section west of here on the Knott county border that diphtheria has broken out among children there, two or three deaths having occurred. Unless there is some improvement within the next few days two or three schools will be ordered closed.

Hon. Thurman B. Dixon of Scottsville spoke here last Saturday on the political issues, from a republican viewpoint, to several hundred republicans (and a select few democrats.)

Saturday night he is said to have met with disappointment at Fleming, as only a few voters turned out to hear him. On Thursday night before Gov. Stanley was cheered by more than 800 voters in Fleming, and was cheered long and loud many times.

By the time this is in print the Tenth District Educational Association will be holding forth here in its annual association, and many State-wide educa-

tional leaders will do their part in an interesting program. Whitesburg is prepared to entertain the notable visitors in royal style.

During the republican speaking here Saturday U. S. Marshal John M. Riddle arrested three moonshiners, bootleggers and peddlers, who came from the coal fields to hear the criticism of a biased representative (?) of the "Common People" as the speaker stated.

Rush work is being carried forward on the further completion of the power house, tipples, etc., of The South East Coal company's new operation at Laviers between Craftsville and Sergeant. It is expected that mining work will be practically ready to start within 30 to 40 days.

The Western Union Telegraph Co. has just completed new lines and repaired old lines into Jenkins in the Elkhorn coal fields of the county in order to meet the increased demand for wire service which has grown wonderfully within the past few years. This will give splendid service down the rapidly developing Big Sandy Valley.

WHY THEY WILL VOTE FOR WILSON

Gentlemen, Fellow Democrats and Republicans: We hereby call your attention to the fact that it is the duty of every voter of this county and state to vote for Woodrow Wilson for President of the U. S., for he is true and has been tried. You hear a great deal about what the Republicans say as to Wilson's policy in Mexico. The President has dealt with the Mexican situation and his policy has been the same as that of Abraham Lincoln under like conditions more than 50 years ago. He did not recognize Huerta or any other man of his character. Hear what two great men say about Wilson. Why don't you say the same about him and on November 7th put the X where it will count for Woodrow Wilson.

Head of Bull Moose Ticket Fights Hughes.

Cleveland, Oct. 25.—John M. Parker, of Louisiana, vice presidential nominee of the Progressive party, who succeeded to the head of the ticket after Roosevelt refused to return to the S. O. P., in a talk before the city club here today denounced the action of former Progressive leaders in returning to the Republican camp as "deliberate betrayal."

He said they are supporting Hughes purely "for their personal and financial gain."

He gave President Wilson credit for having carried out part of the Progressive platform of 1912, and said men claiming Progressive views who support Hughes and condemn Wilson are guilty of "brazen hypocrisy."

"The Progressive party in 1912 made the people believe to think," Parker said, "it was the first political party which put human welfare above the dollar."

Curbs Wall Street.

Isolation for the regional bank and removal of the power from Wall Street or any other interest to control the financial policy of this country has been enacted into law.

"Today the wheat, corn, oats, cotton, cane, rice and live stock of our farmers represent one of the best classes of security."

"The men who on June 23 deliberately betrayed the Progressive party were former Republicans in whom we believed, and whose sole object was to again secure control of the power and patronage of the national government."

"They first deserted the Republican party, damned the 'Old Guard' for every conceivable crime, pledged their honor and loyalty to Progressive principles, and then deserted and betrayed the Progressive party, and, having again backed arms with the same old guard Republicans they so bitterly denounced four years ago, now have the audacity to appear before the people of the United States in the role of patriots, endeavoring to save the nation."

"To Save the Nation!"

"To save it from what?"

"To save it from the prosperity which is rampant from New York to California?"

"To save it from the farmers who are banking large crops, for which they are receiving more satisfactory prices than ever before in their history?"

"To save it from the working men whose brains and brawn are needed in every state in the union, and who are receiving more money than ever before in their experience, with shorter hours of labor?"

"To 'save the country' to them means to fleece it for their personal, political and financial gain."

"Such brazen hypocrisy from such men who must be judged by their past record cannot deceive the American people."
